

SENSORY FRIENDLY PERFORMANCE

Disney PRESENTS

THE LION KING

THE WORLD'S #1 MUSICAL

The Pittsburgh Cultural Trust is proud to partner with Disney Theatrical Productions for this very special performance of DISNEY'S THE LION KING. This will be a sensory-friendly performance that allows families with members on the Autism spectrum to experience a Broadway production with several alterations that meet the needs of the audience.

Pittsburgh was the third city to offer this type of program for THE LION KING in 2013 and we are delighted to offer the show in a sensory-friendly format once again. The Pittsburgh Cultural Trust remains committed to making theater and the arts accessible to all audiences.

When

Saturday, September 14, 2019
2:00pm

Where

Benedum Center
237 Seventh Street, Pittsburgh, PA

What

Sensory-Friendly Performance
DISNEY'S THE LION KING

In consideration of audience needs, this theater experience will be slightly altered. We will set the house lights low, cut the strobe lighting and soften intense sounds. You will enjoy a Broadway theater experience in a judgment-free environment. Specially trained volunteers will be available throughout the Benedum Center to provide audience support.

A number of questions must be answered at point of purchase to complete the ticket transaction. You will receive your tickets by mail two weeks prior to the show.

Orchestra & Director's Circle: $49
First Tier: $39
Second Tier $19

Only those requiring a sensory-friendly environment, or whose family member or friends have similar needs, may purchase tickets to this performance. The Pittsburgh Cultural Trust has specially priced tickets for this presentation to allow the greatest number of patrons to experience the show together.
